

# Help Us Connect Neighborhoods Surrounding the BQE

## ATTEND OUR FINAL COMMUNITY DESIGN WORKSHOP

### DETAILS

The BQE Enhancement project is a joint effort between the City and your community to improve the pedestrian environment along the BQE, between Atlantic and Hamilton Avenues. NYCEDC is hosting a series of collaborative workshops in 2010 to develop a vision to improve the study area. At the first workshop in May, designers solicited input and local experience about this section of the BQE. At the second workshop in July, designers presented several alternatives for the community's consideration.

The final meeting will be a presentation of refined alternatives, and cost estimates for each, as well as a discussion of next steps.

### WORKSHOP 3

**When:** Monday, November 15th from 6:30 p.m. to 8:30 p.m.

**Where:** Long Island College Hospital (LICH), Avram Conference Center, Rooms A & B  
339 Hicks Street, Brooklyn, N.Y. 11201

Join your neighbors at our third and final design workshop, so we can work together to improve the connections among the Carroll Gardens, Cobble Hill, and Columbia Street Waterfront neighborhoods.

**Please RSVP to [BQE@nycedc.com](mailto:BQE@nycedc.com)**
